WHEREAS, the City also desires to authorize the clean energy assessment district to enable third-party lenders to accept applications and enter into financing agreements with property owners within the boundaries of the district; and,

WHEREAS, this Ordinance, upon execution, shall create a clean energy assessment district, which shall be known as the Ralston PACE District, as authorized by Nebraska Revised Statute Sections 13-3203 and 13-3204(3), which boundaries shall be the corporate boundaries of the City of Ralston.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF RALSTON:

Section 1. Findings and Determinations. That the City Council of the City of Ralston, Nebraska (the "City"), hereby finds and determines as follows:

Pursuant to NEB. REV. STAT. §§13-3201 to 13-3211, inclusive, the Property Assessed Clean Energy Act (the "Act"), energy efficiency and the use of renewable energy are important for preserving the health and economic well-being of Nebraska's citizens. Using less energy decreases the cost of living and keeps the cost of public power low by delaying the need for additional power plants. To further these goals, it is necessary for the City to promote energy efficiency improvements and renewable energy systems. Upfront costs for energy efficiency improvements and renewable energy systems may prohibit or deter many property owners from making improvements. It is necessary for the City to implement an alternative financing method through the creation of a clean energy assessment district.

Financing energy projects to further these goals is a valid public purpose and can be accomplished through Property Assessed Clean Energy ("PACE") financing, which is used to overcome the upfront costs for energy efficiency improvements and renewable energy systems by using private capital and equity, rather than public debt.

Pursuant to the Act and NEB. REV. STAT. § 13-3204, the City of Ralston is authorized to establish a clean energy assessment district so that owners of qualifying property can access PACE financing for energy efficiency improvements or renewable energy improvements to their properties located in the City. The City also may enter into an agreement with one or more other

municipalities pursuant to the Interlocal Cooperation Act, NEB. REV. STAT. §§ 13-801, et seq., for the joint creation, administration, or creation and administration of clean energy assessment districts, pursuant to NEB. REV. STAT. § 13-3210. The City declares its intent that the provisions of this Ordinance shall be in conformity with federal and state laws. The City enacts this Ordinance pursuant to the Act, as amended.

Section 2. Title and Definitions. That this Ordinance shall be known and may be cited as "The City of Ralston Clean Energy (PACE) Ordinance." Except the words and phrases specifically defined below or in NEB. REV. STAT. § 13-3203, as amended, words and phrases used in this Ordinance shall have their customary meanings. As used in this Ordinance, the following words and phrases shall have the following meanings:

"District" means the Ralston PACE District, created pursuant to this Ordinance, as authorized by NEB. REV. STAT. §§ 13-3203 and 13-3204(3), which boundaries shall be the corporate boundaries of the City.

"District Administrator" means 1) the City Administrator of the City; 2) a designated representative of the City Administrator of the City; 3) another employee of the City designated by the Mayor of the City; or, 4) a third-party administrator selected by the City.
